### Q: What happens if I exceed my claim limit?

**A:** Once you reach your annual claim limit, additional claims will not be processed until your 12-month rolling period resets. You may consider upgrading to a higher tier for increased coverage.

### Q: Are accessories covered under Tier 4 Premium Care?

**A:** Yes, Tier 4 includes up to \$200 coverage for accessories such as cases, chargers, and screen protectors when they are damaged along with your device.

**Q: How long does the extended warranty last?**

**A:** The extended warranty adds 12 months to your original manufacturer warranty period. For example, if your device has a 1-year manufacturer warranty, you would have 2 years of total warranty coverage.

**Q: Can I file a claim for a device I purchased used?**

**A:** Yes, used devices are eligible if they are in working condition at the time of plan activation and you are the legal owner of the device.

**Q: What if my replacement device is lost or stolen?**
